

The diagram illustrates the 3D printing process flow, starting with a 3D model and ending with a printed part. The flow is as follows:

- 3D Model** (3D Model) → **File Format** (File Format) → **Preparation** (Preparation) → **Printing** (Printing) → **Post-Processing** (Post-Processing) → **Final Part** (Final Part)

The diagram also includes a legend for the file formats used:

- STL** (STL)
- OBJ** (OBJ)
- PLY** (PLY)
- 3MF** (3MF)
- 3D Model** (3D Model)
- File Format** (File Format)
- Preparation** (Preparation)
- Printing** (Printing)
- Post-Processing** (Post-Processing)
- Final Part** (Final Part)
