ვიზუალიზაცია როგორ უნდა გაკეთდეს

მოაჯირის ადგილები ეხლა

A photograph of a moss-covered rock face, likely a waterfall or a steep cliff. The rock is heavily covered in green moss and lichen. A red arrow points from the bottom right towards the upper left, indicating a specific area of interest on the rock face. The surrounding area is lush with green vegetation and trees.

The technical drawing illustrates the cross-section of a bridge deck. Key features include:

- Dimensions:** The total width of the deck is 1100 units. The height from the bottom reinforcement to the top edge is 400 units. The distance between the centerlines of the main girders is 2000 units.
- Structural Details:** The drawing shows two main vertical sections (girders) separated by a central gap. Diagonal bracing is shown connecting the top and bottom flanges of the girders. A horizontal section at the top indicates a thickness of 40 units.
- Labels:**
 - "შენიშნული მონაცემის განმარტება 488." (Interpretation of the indicated data 488.)
 - "ბოლო-კვანძების 4 x 6 სპეციალური შენაკადი (საფუძველი) საზღვაო ნაპირთან" (Specialized 4 x 6 end joints (foundation) near the sea shore)
